Questionnaire Piece**

You can help shape the future of Holt

Time is fast approaching for the distribution of the Tannery Site Redevelopment Questionnaire, and it's your chance to have your say and bring your influence to bear on any future development.

Just to recap, the purpose of the Questionnaire is to inform the Parish Council of the views and opinions of the community, which will be shared with any proposed developer and Wiltshire Council.

Every Holt resident will be eligible to fill in the Questionnaire and each household will receive two copies. But if you'd like more copies for other relatives living with you to have their say, they'll be made available to you.

In terms of the actual redevelopment, these are early days, but if and when it happens, make no mistake - it will change Holt – and it's up to all of us to ensure that it's a change for the better.

So when you receive your Questionnaires, please don't bin them, fill them in. Holt is your village – let your voice be heard.
