To Clerk Holt Parish Council <clerk@holtparishcouncil.gov.uk>

Hi

I have received a concern this morning in relation to speeding on Melksham Road from I  
| from the WWE.

I do happen to agree that this stretch of road is a bit of a concern regarding attempting to pull  
out of the junctions which include the Broughton Gifford turning and the road works will  
probably have a knock-on effect.

I will look to request some static speed checks in the area and put it forward to our road  
safety team.

Can I request that this is taken up with WC Highways to consider a speed reduction and a  
review of signage on the bends leading up to the BG junction.

West Wilts Equestrian Centre, Holt, Trowbridge BA14 6QT, UK  
-----

In the last few weeks, we seem to have had a noticeable increase in motorcycles and cars speeding past our  
entrance, from both directions, , appearing to be exceeding the speed limits very noisily , causing us issues  
with skittish horses and lorries leaving the centre.

Lorries leaving our centre , need to leave slowly on the turn to avoid problems with their horses on board.

Sorry I am aware that you are looking for a new PC clerk so I am not sure who is covering this now.

Can you advise when the next meeting will be as I would like to introduce beat officer PC Robert Dentry to  
Bradford on Avon if I may.

Kind regards

Laura Wallace
